Date: 24 th April 2020 Time: 11:30 am Onward	Expert Name: 1. Team ACDC 2. Team MahitX 3. Team PRAGRATHAN: Rejuvenating Nature
Registration Link: https://forms.gle/4HKsmPFNmrGtFhBK8	No. Of Registration: 257 No. of Participants: 128

This webinar is Jointly organized by Community Innovation & Co-Creation Centre & Design Innovation Centre on 23rd April 2020. In this webinar three startups, ACDC, MahitX & PRAGRATHAN: Rejuvenating Nature which is supported by DIC & Mentoring the by CiC3 team explain how they have developed a product to fight against COVID - 19. This webinar was conducted on WebEx online platform and 12 Participants joined.

ACDC team had developed Portable Hand Wash Basin. Also, they explained how to develop this type of machine at Home to fight against Covid-19.

MahitX team had developed 3D Printed Face shield Mask. He also explained how he had developed 3D Printed face shield at his home. **Also, he had distributed 100 3D Printed face shield masks to Covid worriers (Doctors, Police Persons)** without taking any charge. The Authority of GTU has also appreciated his efforts.

PRAGRATHAN: Rejuvenating Nature has developed ICU Toothbrush for COVID Patients. This ICU Toothbrush better survivorship and reduces VAP (Ventilator-Associated Pneumonia).
